ACPE sent a letter indicating they will be visiting the UGA College of Pharmacy on Oct. 12-14, 2010 to evaluate the Doctor of Pharmacy program. The Board does not have anyone who can attend that date because there is a conflict with their regularly scheduled Board meeting. The Board viewed the letter as informational.

Jason Bullock of American Homepatient, Inc. submitted information regarding their change of ownership. The Board advised that they submit new applications for their pharmacy licenses due to their change in ownership.

Ronnie Wallace made a motion that Board members not be required to pay license renewal fees. Al McConnell seconded the motion. There was discussion as to whether or not this could legally be done. The Board voted in favor of the motion upon approval of the Attorney General's office.

NABP asked for assistance with a survey on Incentives to Transfer Prescriptions. Bill Prather stated that he had completed the survey.

**Georgia Drugs and Narcotics Report**

Rick Allen discussed his trip to the NABP meeting. The Board discussed the District III meeting and Maltagon. The Board agreed to let Mississippi host the 2011 District III meeting and Georgia will host Maltagon in 2011.

Ronnie Wallace and Steve Wilson participated in drug take back programs. There will be a nationwide drug take back program on September 15. The Board advised that pharmacists need to know their patients and that there is a provision in the law concerning professional conduct with regard to dispensing medication.

*Steve Wilson made a motion, Al McConnell seconded, and the Board voted unanimously to enter into **EXECUTIVE SESSION** in accordance with O.C.G.A. §§43-1-19(h) 2 and 43-1-2(k) to review applications, deliberate on disciplinary matters, and to receive information on investigative reports. Randall Vaughn, PLB Division Director, met with the Board at the Board President's invitation to discuss the work assignments and the budget. Mr. Vaughn reiterated that the Pharmacy Board was recently reassigned from Anita Martin to Lisa Durden's section in an effort to balance the workload of assigned boards at the PLB and in planning for the implementation of registration of pharmacy technicians. The PLB also decided to assign pharmacy applications to another licensure analyst in an effort to cross train and to improve processing efficiency, and he reported that their applications are now assigned to one of the most skilled analysts at the PLB. He reported that there had been some communication by a board member to the front office regarding that assignment. Since that assignment was made, applications processing has become more efficient and staff are receiving fewer calls regarding processing issues. Also, Mr. Vaughn reported that all state agencies are being asked to cut 4% of their budgets by October 1, 2010, and all line items are being reviewed. Mr. Vaughn stated that he was aware that the Board had historically been very passionate about the Practical Examination and commended the Board on their dedication and concern about their profession. Current pass rates reflect that the exam may no longer be needed. Furthermore, he stated that Georgia is one of only two states still giving the Practical Examination (wet lab and Errors and Omissions), and there is no data to support that Georgia has any less complaints or incidents regarding compounding errors than any other similar state. He also commented that he was informed that there is now a compounding component to the NAPLEX. With that being said, he asked that the Board reconsider its administration of the Board's Practical Examination. Mr. Vaughn thanked the Board for their time and dismissed himself from the meeting. Following Mr. Vaughn's presentation, Steve Wilson made a

motion to abolish administration of the Practical Examination after the August 2010 examination; Ronnie Wallace seconded the motion. After much discussion, Mr. Prather asked the matter be tabled until the next meeting until the full Board could meet. Voting in favor of abolishing the administration of the Practical Examination were Steve Wilson, Ronnie Wallace, Al McConnell, and Mickey Tatum. Opposing the motion to abolish the examination was Bill Prather. Pat McPherson abstained from voting. Janet Wray stated that the vote met the terms of the law and was a legal vote.
