480-36-.07 Notification to Patients

480-36-.01 Definitions.

- (1) “Board” shall mean the Georgia Board of Pharmacy.
- (2) “-Remote prescription drug order processing” shall mean the processing of prescription or patient information from a location other than the location from which the prescription medication is received and dispensed. It shall not include the dispensing of a drug, but may include:
 - (a) Receiving the prescription order from the primary dispensing pharmacy
 - (b) Interpreting, analyzing, or clarifying prescriptions;
 - (c) Entering prescription or patient data into a data processing system;
 - (d) Transferring prescription information;
 - (e) Performing a drug regimen review;
 - (f) Performing a drug allergy review;
 - (g) Performing therapeutic interventions; or
 - (h) Any combination of these order processing functions.
- (3) Primary dispensing pharmacy. A primary dispensing pharmacy shall be defined as the retail pharmacy from which a prescription is physically received and dispensed to the patient or the patient’s caregiver.
- (4) Secondary remote entry pharmacy. A secondary remote entry pharmacy shall be defined as the retail pharmacy which performs remote prescription drug order processing but does not dispense the medication to the patient or the patient’s caregiver. There shall only be one secondary pharmacy to assist the primary dispensing pharmacy with remote prescription drug order processing per prescription.

480-36-.02 Licensing

- (1) Pharmacies which perform remote prescription drug order processing shall be independently licensed as a retail pharmacy by the Board and physically located within the State of Georgia.

- (2) Remote prescription drug processing from any location other than a retail pharmacy licensed in this State is prohibited.
- (3) Pharmacies which perform remote prescription drug order processing shall either have the same owner or have a written contract describing the scope of services to be provided and the responsibilities and accountabilities of each pharmacy. Such contract shall be available for review by the Board or its representative.

480-36-.03 Personnel and Supervision

- (1) The primary dispensing pharmacy shall have a licensed pharmacist on site during business hours and his/her shall duties shall include the verification of the validity of all prescriptions. Such pharmacist shall be responsible for obtaining and recording all information needed. This shall include but not be limited to the following patient information: biographical information, medication history, drug allergies, and other information as required. Pharmacy technicians and pharmacy interns/externs may assist a pharmacist located at the primary dispensing pharmacy with remote prescription drug order processing. Such pharmacies shall comply with Georgia laws and rules set forth pertaining to ratios and the supervision of pharmacy technicians and pharmacy interns/externs.
- (2) The secondary remote entry pharmacy shall have a pharmacist on duty, licensed in this State, who is physically present and personally supervising all pharmacy activities. Remote prescription drug order processing in a retail pharmacy without the direct supervision of a pharmacist is prohibited.
- (3) Pharmacy technicians and pharmacy interns/externs may assist a pharmacist located at the secondary remote entry pharmacy with remote prescription drug order processing. Such pharmacies shall comply with Georgia laws and rules set forth pertaining to ratios and the supervision of pharmacy technicians and pharmacy interns/externs.
- (4) The pharmacist on duty at the primary dispensing pharmacy shall be responsible for assuring the accuracy of all filled or dispensed prescriptions including those prepared through the use of remote prescription drug order processing. This shall include, but not be limited to, viewing and verifying the hardcopy or electronic prescription.
- (5) The pharmacist on duty at the secondary remote entry pharmacy shall be responsible for assuring the accuracy of prescriptions for which he/she performed or supervised remote prescription drug order processing. This responsibility shall exclude the compounding, preparation, dispensing, and counseling for prescriptions for which he/she has performed remote prescription drug order processing. The pharmacist shall verify the data entered into the computer system is consistent with the prescription. The pharmacist shall conduct a drug regimen review for each prescription. Any activity requiring the exercise of professional judgment shall be

performed by the pharmacist on duty and shall not be delegated to pharmacy technicians. The pharmacist on duty at the secondary remote entry pharmacy shall be responsible for verification of all activities performed by pharmacy technicians, or pharmacy interns/externs.

480-36-.04 Policy and Procedure

The primary dispensing pharmacy and the secondary remote entry pharmacy shall have a written policy and procedure that relates to the remote processing at each pharmacy involved in the processing of a prescription and available for inspection by the Board or its representative. The policy shall at a minimum include the following:

- (a) The responsibilities of each pharmacy;
- (b) A list of the name, address, telephone numbers, and permit/registration numbers of all pharmacies involved in remote processing;
- (c) Procedures for protecting the confidentiality and integrity of patient information;
- (d) Procedures for ensuring that pharmacists performing prospective drug reviews have access to appropriate drug information resources;
- (e) Procedures for maintaining required records;
- (f) Procedures for complying with all applicable laws and regulations to include counseling.

480-36-.05 Record Keeping

- (1) The primary dispensing pharmacy and the secondary remote entry pharmacy shall share a common electronic file or have technology which allows sufficient information necessary to process a non-dispensing function.
- (2) In addition to any other required records, the primary dispensing pharmacy and the secondary remote entry pharmacy shall maintain retrievable records which show, for each prescription remotely processed, each individual processing function and identity of the pharmacist or pharmacy technician who performs a processing function and the pharmacist who checked the processing function.
- (3) The primary dispensing pharmacy and the secondary remote entry pharmacy may maintain records separately at each pharmacy, or in a common electronic file shared by both pharmacies provided the system can produce a record showing each processing task, the identity of the person performing each task, and the location where each task was performed.
- (4) These records maintained by the primary dispensing pharmacy and the secondary remote entry pharmacy shall be readily retrievable for at least two years through the primary dispensing pharmacy, and shall be available for inspection by the Board or its representative.
- (5) The record keeping required by this rule is in addition to the record keeping required under Rule Chapter 480-10 and any other Board rules and state and federal laws.

480-36-.06 Patient Counseling

- (1) It shall be the responsibility of the pharmacist on duty at the primary dispensing pharmacy to perform patient counseling of all prescriptions, as required, including those assisted by remote processing.
- (2) The secondary remote entry pharmacy shall not perform patient counseling on behalf of the primary dispensing pharmacy.

480-36-.07 Notification to Patients

- (1) Prior to utilizing remote prescription drug order processing, the primary dispensing pharmacy shall:
 - (a) Notify patients their prescription drug order may be processed by another pharmacy. Such notification may be provided through a one time written consent from the patient or the patient's authorized representative and through use of a sign in the pharmacy which states: "Remote Order Processing Utilized Here". Such sign must be clear and legible with letters at least three (3) inches in size, and the sign shall be free from obstruction and visible to patients at the time the prescription is presented to the pharmacy.
 - (b) Give the name of that pharmacy, or if the pharmacy is part of a network of pharmacies under a common ownership and any of the network pharmacies may process the prescription order, the patient shall be notified of this fact. Such notification may be provided through a one time written consent from the patient or the patient's authorized representative and through use of a sign in the pharmacy which states: "Remote Order Processing Utilized Here." Such sign must be clear and legible with letters at least three (3) inches in size, and the sign shall be free from obstruction and visible to patients at the time the prescription is presented to the pharmacy.
- (2) Prior to utilizing remote prescription drug order processing, written consent from the patient or the patient's authorized representative shall be obtained by the primary dispensing pharmacy when the primary dispensing pharmacy and the secondary remote entry pharmacy do not share the same owner.

Judy Gardner made a motion, Steve Wilson seconded, and the Board voted unanimously to post the following Rule change:

~~(e)~~ (f) "Pharmacy extern" shall mean an individual who is a student currently enrolled in an approved school or college of pharmacy and who has been assigned by the school or college of pharmacy for the purposes of obtaining practical experience and completing a degree in pharmacy.
~~(f)~~ (g) "Registered Pharmacy technician" shall mean those support persons registered with the board who are utilized in pharmacies and whose responsibilities are to provide nonjudgmental technical services concerned with the preparation for dispensing of drugs under the direct supervision and responsibility of a pharmacist.

480-15-.02 Registration of Pharmacy Technicians.

(a) In order to be registered as a Pharmacy Technician in this State, an applicant shall:

(1) Have submitted a written application in the form prescribed by the Board;

(A) This application shall include a consent to have a background history conducted by the Board, its agent, or a firm or firms approved by the Board, to include a criminal history, driver license history, and other information as deemed necessary. The consent form must include, at a minimum, the following language:

(i) "I hereby authorize the Georgia Drugs and Narcotics Agency, or other such agency as authorized by the Board, to receive any criminal history and driver license history information pertaining to me which may be in the files of any state or local criminal justice agency or state driver's license agency in Georgia and any other state.

Full Name (print)

Address

Sex Race Date of Birth Social Security Number

Signature

Date

I, _____ give consent to the above named to perform periodic criminal history background checks for the duration of my being registered as a pharmacy technician with the Georgia State Board of Pharmacy."

(2) Have successfully passed a background history and prove to have good moral character: if an applicant is found to have been convicted, convicted to include NoLo and guilty pleas, of any crimes other than minor traffic offenses, the board shall vote whether or not to register the applicant as a technician.

(3) Have paid the fees specified by the Board for the registration and any related materials, and have paid for the issuance of the registration.

(4) Be 17 years of age and a High School or GED graduate.

(5) Must provide change of address or place of employment to the Board within 10 days.

(6) No pharmacist whose license has been denied, revoked, suspended, or restricted for disciplinary purposes shall be eligible to be registered as a technician.

(7) Upon application for initial registration and renewal, the Board may randomly select candidates to undergo a 10 or more panel drug screen of a type and panel specified by the board utilizing a board approved provider prior to completion of the registration process. Candidates selected for drug screens must submit evidence of a negative drug screen within 14 days of notification.

(8) The Board may take disciplinary action against a registered technician for any violation of a board rule or of a federal or state law

480-15-.02.03 Use of Registered Pharmacy Technicians and Other Pharmacy Personnel.

~~(a) A pharmacy technician can assist any pharmacist directly supervising said technician in the measuring of quantities of medication and the typing of labels thereof, but excluding the dispensing, compounding, or mixing of drugs except as may be permitted by law or these rules.~~

(a) In dispensing drugs, no individual other than a licensed pharmacist, intern or extern working under direct supervision of a licensed pharmacist shall perform or conduct those duties or functions which require professional judgment. It shall be the responsibility of the supervising pharmacist to ensure that no other employee of the pharmacy, excluding pharmacy interns or externs, performs or conducts those duties or functions which require professional judgment.

~~(b) When electronic systems are employed within the pharmacy, pharmacy technicians may enter information into the system and prepare labels; provided, however, that it shall be the responsibility of the pharmacist to verify the accuracy of the information entered and the label produced in conjunction with the prescription drug order.~~

(b) Only pharmacists, interns, externs and registered technicians can work in the Pharmacy department.

~~(c) In the dispensing of all prescription drug orders the pharmacist shall be responsible for all activities of any pharmacy technician in the preparation of the drug for delivery to the patient, and the pharmacist shall be present and personally supervising the activities of any pharmacy technician at all times.~~

(c) For all prescription drug orders, it shall be the responsibility of the Pharmacist on duty at a facility to ensure that only a pharmacist or a pharmacy intern and/or extern under the direct supervision of a registered pharmacist provides professional consultation and counseling with patients or other licensed health care professionals and that only a pharmacist or a pharmacy intern or an extern under the direct supervision of a registered pharmacist accepts telephoned oral prescription drug orders or provides or receives information in any manner relative to prescriptions or prescription drugs.

~~(d) Pharmacy technicians and other pharmacy personnel, i.e. clerks, cashiers, etc., in the prescription department shall be easily identifiable by use of a name badge or other~~

~~similar means which prominently displays their name and the job function in which the personnel are engaging at that time.~~

(d) In the dispensing of all prescription drug orders:

(1) The pharmacist shall be responsible for all activities of any registered pharmacy technician in the preparation of the drug for delivery to the patient.

(2) The pharmacist shall be present and personally supervising the activities of any registered pharmacy technician at all times.

(3) When electronic systems are employed within the pharmacy, registered pharmacy technicians may enter information into the system and prepare labels; provided, however, that it shall be the responsibility of the pharmacist to verify the accuracy if the information entered and the label produced in conjunction with the prescription drug order.

(4) When a prescription drug order is presented for filling or refilling, it shall be the responsibility of the pharmacist to review all appropriate information and make the determination as to whether to fill the prescription drug order, and

(5) Any other function deemed by the Board to require professional judgment.

~~(e) A pharmacist may supervise only two pharmacy technicians at a time unless the third technician is a certified pharmacy technician or the facility is a hospital pharmacy which has received written approval from the board at the request of the hospital pharmacist to increase the pharmacy to technician ratio. If more than two (2) pharmacy technicians as identified by a name badge are in the prescription department, then the pharmacy and the pharmacist must have written evidence that the third pharmacy technician is a certified pharmacy technician. If more than three (3) pharmacy technicians as identified by a name badge are in the prescription department, the pharmacy shall be deemed to be in violation of the technician to pharmacist ratio, and the pharmacy and the pharmacist on duty may be subject to disciplinary action.~~

(e) The pharmacist to registered pharmacy technician ratio shall not exceed one pharmacist providing direct supervision of three registered pharmacy technicians. One of the three technicians must:

(1) Have successfully passed a certification program approved by the Board of Pharmacy;

(2) Have successfully passed an employer's training and assessment program which has been approved by the Board of Pharmacy; or

(3) Have been certified by the Pharmacy technician Certification Board.

(f) In addition to the utilization of three (3) registered pharmacy technicians, if one is certified, a pharmacist may be assisted by and directly supervise at the same time one (1) pharmacy intern, as well as one (1) pharmacy extern.

~~(g) Only employees or other personnel authorized by law or Board rules are allowed in the prescription department, but all such personnel must be under the direct and personal supervision of the pharmacist while in the prescription department and said pharmacist must be physically present and actually observing the actions of such employees or other personnel.~~

(g) The board may consider and approve an application to increase the ratio in a pharmacy located in a licensed hospital. Such application must be made in writing and may be submitted to the Board by the pharmacist in charge of a specific hospital pharmacy in this state.

(h) No completed prescription drug order shall be given to the patient requesting same unless the contents and the label thereof shall have been verified by a registered pharmacist.

(i) The Board of Pharmacy can revoke or suspend the registration, levy fines or in any way restrict the registration of any registered pharmacy technician who violates any pharmacy law, rule or policy of the Board.

480-15-.04 Duties of the Pharmacist in Charge related to registered pharmacy technicians

(a) The Pharmacist in Charge shall be responsible for:

(1) providing updated information to the Board in accordance with rules and regulations regarding the registered pharmacy technicians employed in the pharmacy for purposes maintaining the registry of registered pharmacy technicians established by the Board pursuant to paragraph (7) of subsection (a) of Code Section 26-4-28.

(2) The separation of employment or termination of any Registered pharmacy technician for any suspected or confirmed criminal occupational-related activities committed or any drug-related reason, including but not limited to Adulteration, abuse, theft or diversion and shall include in the notice the reason for the termination: if it is the employment of the Pharmacist-in-Charge that is terminated, the owner or other person in charge of the pharmacy shall notify the Board of Pharmacy.

(3) Assuring that all pharmacists and pharmacy interns and externs employed at the pharmacy are currently licensed and that registered pharmacy technicians employed at the pharmacy are currently registered with the Board of Pharmacy.

(4) Any other responsibility deemed necessary by the Board concerning Registered pharmacy technicians.

(5) Notifying the Board of any change in the employment status of all registered technicians in the pharmacy within 10 days of the technician's separation date from employment.

(6) Ensuring that registered pharmacy technicians in the prescription department shall be easily identifiable by use of a name badge or other similar means which prominently displays their name and job title. The Pharmacist-in-Charge is responsible for ensuring that such persons wear or display such identification at all times when they are working in the prescription department.

(7) Shall ensure that the current registration for each registered pharmacy technician is readily accessible for inspection by the Board or Drugs and Narcotics Agents.

(8) ensuring that a pharmacist is responsible for the dispensing of all prescription drug orders and for all activities of any pharmacy technician in the preparation of the drug for delivery to the patient, and that a pharmacist

shall be present and personally supervising the activities of any pharmacy technician at all times.

(9) ensuring that employees or other personnel neither of which are licensed nor registered by the board are not allowed in the prescription department unless such personnel are under the direct and personal supervision of a pharmacist and said pharmacist must be physically present and actually observing the actions of such employees or other personnel.

(b) The Board of Pharmacy can revoke, suspend, levy fines, reprimand, or take whatever action is deemed necessary against the license of any pharmacist in charge who fails to abide by the requirements set forth in this rule.

480-15-.05 Duties or Functions Prohibited from Being Performed by a Registered pharmacy technician.

(a) In dispensing drugs, no individual other than a licensed pharmacist shall perform or conduct those duties or functions which require professional judgment. It shall be the responsibility of the supervising pharmacist to ensure to that no other employee of the pharmacy, excluding pharmacy interns or externs but including registered pharmacy technicians, performs, or conducts those duties or functions which require professional judgment. The following functions require the professional judgment of a pharmacist, or a pharmacy intern or extern, under the direct supervision of a pharmacist, and may not be performed by a registered pharmacy technician:

- (1) Acceptance of telephoned or other oral prescriptions;
- (2) Transfers of prescription drug orders from another pharmacy or transfers of a prescription drug order to another pharmacy;
- (3) Patient counseling;
- (4) Receiving information or providing information about a prescription drug order;
- (5) Making the determination as to whether to refill the prescription drug order;
- (6) Certification of a filled and finished prescription drug order;
- (7) Weighing or measuring active ingredients without a mechanism of verification;
- (8) Compounding of medication without a mechanism of verification;
- (9) Giving a completed prescription to the patient requesting same without the label and contents and the label being verified by a pharmacist.
- (10) Reconstitution of prefabricated medication without a mechanism of verification;
- (11) Verification of the constituents of final IV admixtures for accuracy, efficacy, and patient utilization;
- (12) Enter of order on patient medication profiles without verification by a pharmacist;
- (13) Provision of drug information that has not been prepared or approved by the pharmacist.;

- (14) Review of the patient record for therapeutic appropriateness; and
- (15) Any other act prohibited by Board policy, rule, or law.

The Centers for Disease Control and Prevention (CDC) submitted an accreditation certificate from the Accreditation Council for Pharmacy Education (ACPE) showing that the CDC is accredited by ACPE through June 30, 2016. The CDC also submitted a letter asking if they would need to submit this ACPE certification every two years as required by Board rule 480-3-.03 or only when re-accredited. The Board directed staff to advise CDC to follow the Board rule.

Ray A. Wolf of Dey Pharma, L.P. requested an appearance with the Board to discuss the substitution of an authorized generic to Adrenaclick for their product, EpiPen Auto Injector. The Board directed staff to advise Mr. Wolf to communicate his concerns to the Pharmacists who are substituting another product for the EpiPen. He can obtain a roster from the PLB if he wishes to send something to all pharmacists.

Hope Pharmaceuticals submitted a petition for variance or waiver. Bill Prather made a motion to deny the petition, Al McConnell seconded and the Board voted to deny the petition for waiver.

Jim MacMahon submitted a request to appear before the Board to discuss the growing number of prescriptions presented by physician assistants with no delegation information concerning the associated physician. Bill Prather made a motion to send a memo to the Nursing Board and the Medical Board about the requirements of a valid prescription. Judy Gardner seconded the motion. The Board voted in favor of the motion. The memo will be drafted and sent to the Board and Janet for review before it is to be sent.

Bryan K. Bonner requested a letter from the Board endorsing the role of pharmacists as providers of “Medication Management Therapy”. The Board directed staff to advise Mr. Bonner that they could not offer him legal advice, but he can refer to the rules and laws. Also, GPHA has some articles and other information regarding this subject.

The Board approved a letter drafted by the Legal department in response to a records request on Carolyn Aguebor.

Rebecca M. Rabbit, Executive Director of Allied Health Certification Programs, submitted a letter outlining changes surrounding the Exam for the Certification of Pharmacy Technicians (ExCPT) as a result of the merger of the Institute for the Certification of Pharmacy Technicians (ICPT) and Assessment Technologies Institute (ATI). The Board directed staff to advise Ms. Rabbit that the Board will recognize their program if they get accredited by the ACPE.

Rhonda Dunbar of PSS World Medical, Inc. submitted a request for copies of past facility inspection reports. The Board directed staff to advise Ms. Dunbar that copies of these inspections were provided to the facility at the time of inspection.

Roseanne Maria Maia Santos submitted a request for approval of non-conventional intern hours to be obtained at the Med-Bank Community Health Mission, Savannah, GA. Steve Wilson made a motion to approve the hours, Al McConnell seconded and the Board voted to approve the hours as requested.

Christina M. Kile, MD submitted notification of intent to act as a dispensing physician. The Board directed staff to send a letter of acknowledgement to Dr. Kile and refer her to Board rule 480-28.

J. Paul Payne, MD submitted notification of intent to act as a dispensing physician. The Board directed staff to send a letter of acknowledgement to Dr. Payne and refer him to Board rule 480-28.

Lori Kirbach, on behalf of XL Health, submitted a request for approval to ship flu vaccines to a temporary address such as a hotel to accommodate practitioners who travel to different areas to administer the vaccines. Judy Gardner made a motion to deny the request, Al McConnell seconded and the Board voted to deny the request.

James L. Wilson submitted a request to have the supervised practice restriction lifted from his Public Consent Order. Bill Prather made a motion to approve the request, Steve Wilson seconded and the Board voted to lift the supervised practice restriction from Mr. Wilson's Public Consent Order.

Siam O. Lieu submitted a request for approval of intern hours obtained through laboratory research at Mercer University. Judy Gardner made a motion to approve the hours, Bill Prather seconded and the Board voted to approve the hours.

Fred Kirshnit of the Catholic Medical Mission Board submitted a request for approval to ship drugs and/or devices outside the United States in an effort to help poor and developing countries. Fred Barber made a motion to approve the request, Al McConnell seconded and the Board voted to approve the request to ship outside the U.S.

Thomas Royden Thompson submitted a request to have the Pharmacist in Charge restriction lifted from his Public Consent Order. Judy Gardner made a motion to approve the request, Steve Wilson seconded and the Board voted to lift the Pharmacist in Charge restriction from Mr. Thompson's Public Consent Order.

Rick Allen of Georgia Drugs and Narcotics Agency discussed the Introductory Pharmacy Practice Experience (IPPE) required by Pharmacy schools and the fact that the schools view the hours gained during IPPE as intern hours rather than extern hours. The Board directed staff to send letters to the Pharmacy schools advising that these IPPE hours should be counted with the 1000 intern hours the students obtain while in school.

Executive Director's Report

Lisa Durden asked if the Board still wanted to pursue legislation giving the Pharmacy Board the authority to request Orders for Medical and Physical Examinations and to require Prescription Monitoring as brought up last year? The Board stated that it does still desire to pursue these issues.

Bill Prather made a motion to ratify the following list of licenses issued; Al McConnell seconded the motion. The Board voted to approve the following:

Pharmacy licenses issued September 1, 2010 through September 30, 2010 **(304 licenses issued)**

Georgia Drugs and Narcotics Report

Rick Allen reported that the Drug Enforcement Administration (DEA) issued a statement of policy entitled “Role of Authorized Agents in Communicating Controlled Substances Prescriptions to Pharmacies”.

Rick Allen reported that the GPHA plans to propose moving Pseudophedrine to Schedule V of controlled substances.

Rick Allen discussed the practice of retail pharmacies administering flu vaccinations and advised that the Pharmacists may not leave technicians unattended in the pharmacy and go to another part of the store to give injections. Mr. Allen referenced Board rule 480-15-.02(c).

Steve Wilson made a motion, Bill Prather seconded, and the Board voted unanimously to enter into EXECUTIVE SESSION in accordance with O.C.G.A. §§43-1-19(h) 2 and 43-1-2(k) to review applications, deliberate on disciplinary matters, and to receive information on investigative reports. Voting in favor of the motion were those present who included Board members Al McConnell, Judy Gardner, Ronnie Wallace and Fred Barber.

At the conclusion of EXECUTIVE SESSION, the Board declared an **Open Session** to vote on the matters discussed in Executive Session and to conduct other Board business.

Appointments

H.J.A. appeared before the Board to discuss reinstatement of her pharmacy license. A motion was made by Judy Gardner to reinstate the license under a Private Consent Order; Ronnie Wallace seconded the motion and the Board voted unanimously to reinstate the license under a Private Consent Order.

Representatives from Publix Pharmacy retailers discussed the practice of remote prescription drug order processing in other states. The Board advised the group to review Rule 480-36 after it is posted and then request another appearance if they wish to discuss the practice of remote drug order processing in Georgia.
