

GEORGIA BOARD OF PHARMACY
Board Meeting
Mercer University College of Pharmacy
3001 Mercer University Drive
Atlanta, GA 30341
January 21, 2015
8:00 a.m.

The following Board members were present:

Laird Miller, Chairperson
Mike Faulk, Vice-Chairperson
Vicki Arnold
Jim Bracewell
Tony Moye
Bill Prather
Bob Warnock

Staff present:

Tanja Battle, Executive Director
Rick Allen, GDNA
Michael Karnbach, GDA
Janet Wray, Senior Assistant Attorney General
Brandi Howell, Business Operations Specialist

Visitors:

Deanna Gray
Andrew M. Stevens
Taylor Gibbs
Emily Stewart
Rebekah Larkay
Khushboo Patel
Spencer Tally, Atlanta Vet
Bill Macguire, Omnicell
Scott Biddulph, Target
Christine Ciolko, Pipeline Rx
Melvin Smith, CVS
Jennifer Bellis, BSL
Lynda Chapman
Jeff Mesaros, CVS
Scott Lindsay, CAPS
Stephen Snow, BSL
Tony Wang, Kaiser
Stan Jones, Kaiser
Lasa Joiner, GSK

Chairperson Miller established that a quorum was present and called the meeting to order at 8:07 a.m.

Bob Warnock made a motion and Jim Bracewell seconded, and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. § 43-1-19(h)(2) and §43-1-2(k) to deliberate and to receive information on applications, investigative reports and the Assistant Attorney General's report. Voting in favor of the motion were those present who included Vicki Arnold, Jim Bracewell, Mike Faulk, Laird Miller, Tony Moye, Bill Prather, and Bob Warnock.

No votes were taken in Executive Session. Chairperson Miller declared the meeting back in Open Session.

| |
|---------------------|
| Open Session |
|---------------------|

Chairperson Miller welcomed the visitors and introduced Vicki Arnold as the newest member of the Board. Chairperson Miller stated that he would like to thank Al McConnell for his years of service with the Board.

Appearance

Appearance by Chris Ciolko, RPh, Pipeline Rx: Ms. Ciolko provided a handout to the Board and thanked the members for allowing her to meet with them. She stated that she would like to discuss telepharmacy services with the Board. Ms. Ciolko gave an overview of services provided by Pipeline Rx. She stated that the company has over 200 plus clients nationwide and is state board approved to operate in 35 states with active clients in 25 states. She went on to discuss a software program that the client can purchase to help consolidate purchases.

Ms. Ciolko discussed guiding principles of PipelineRx. She stated that Pipeline Rx mirrors and extends the exact cognitive clinical roles and responsibilities of the client hospital's onsite clinical pharmacists 24/7/365 days a year. PipelineRx executes upon a client intimacy approach by mapping to the hospital client's exact clinical pharmacy policies and procedures. She added that Pipeline Rx clinically verifies the appropriateness and safety of each and every medication order.

Ms. Ciolko brought a sample of a laminated card that is distributed to the medical units. Information and hours of coverage are provided on the cards. She stated that with the rise in hospitalists, they want the hospitals to call them if there are any questions. She added that the service is basically the same as if

they picked up the phone to call the pharmacy. They would like the client to have easy access to the pharmacist.

Ms. Ciolko went on to discuss comprehensive clinical telepharmacist training. She stated that the screening process for PipelineRx employees is very stringent. The applicant must have a minimum of 3-4 years acute care/hospital pharmacy experience, multiple pharmacy information system experience, etc. She stated that every team is trained before they go online with a client. HIPPA/policies and procedures are discussed before they touch an order with a client.

In closing, Ms. Ciolko stated that PipelineRx wants to ensure that it is in compliance now and in the future. She asked if the Board would entertain a proposal where the requirement is that the pharmacist must have a Georgia license, but not necessarily reside in Georgia. She also asked if PipelineRx can work with the client that has onsite pharmacists already in the hospital. Ms. Wray referred Ms. Ciolko to O.C.G.A. § 26-4-80. Ms. Wray further indicated that, in order for this proposal to work, there would need to be a legislative amendment.

Public Hearing

Chairperson Miller called the public hearing to order at 11:32 a.m.

Rule 480-6-.02 Nonresident Pharmacy Permit

No public comments were received. A written response from Liberty Medical, LLC was received.

Rule 480-34-.06 Hydrocodone Combination Products

No comments or written responses were received.

The hearing adjourned at 11:35 a.m.

Open Session

Tony Moyer made a motion to adopt Rules 480-6-.02 Nonresident Pharmacy Permit and 480-34-.06 Hydrocodone Combination Products. Mike Faulk seconded and the Board voted unanimously in favor of the motion.

Approval of Minutes

Bill Prather made a motion to approve the Public Session and Executive Session minutes for the December 17, 2014 meeting. Jim Bracewell seconded and the Board voted, with the exception of Tony Moyer and Vicki Arnold, who abstained from the vote, in favor of the motion.

Ratifications

Bob Warnock made a motion to ratify the list of issued licenses. Bill Prather seconded and the Board voted unanimously in favor of the motion.

Correspondence from Callie Michael, Southern Strategy Group

The Board considered this correspondence regarding Rule 480-27-.05 Record-Keeping When Utilizing an Automated Electronic Data Processing System. Ms. Michael asks if the rule applies to hospital pharmacies and/or health system pharmacies. The Board directed staff to respond to Ms. Michael by stating that without additional information regarding the situation, the Board is unable to tell her specifically; however, it suggests she review Rule 480-27-.05 and Rule 480-13-.06 to compare the two.

Correspondence from Dr. David Newby

The Board considered this correspondence regarding trends among many pharmacies to change the wording of prescriptions either on the bottle or when requesting refills. In Dr. Newby's letter, he is requesting the Board send a reminder to Georgia pharmacists to maintain the integrity of the directions whether it be timing (as with antihypertensive agents or PPI's) or the changing of cholecalciferols to ergocalciferols or the removal of the indications for the medication. The Board suggested asking the various representatives that were present at the meeting to convey this information to its staff, especially on pharmacy technician orders.

Correspondence from Philip M. Thevenet, GlaxoSmithKline

The Board considered this correspondence requesting the Georgia Board of Pharmacy consider taking action to promulgate an emergency rule to add Flonase Allergy Relief (fluticasone propionate) to the Exceptions and Exemptions in O.C.G.A. § 16-13-71(c) for indications as listed on the FDA approval letter. Tony Moye made a motion to schedule an Emergency Rule Hearing on January 28, 2015 at 3:00 p.m. to address this matter. Jim Bracewell seconded and the Board voted unanimously in favor of the motion.

Correspondence from Stephen T. Snow

The Board considered this correspondence regarding the distribution of compounded preparations for office-use purposes to licensed practitioners located in other states and the role of pharmacy technicians in compounding activities. The Board recommended that the issues raised in Mr. Snow's letter be addressed by the Compounding Committee and be brought back to the Board in March for discussion.

Correspondence from Lawrence Ervin

The Board considered this correspondence regarding the practical examination only being offered three times a year. The Board directed staff to respond to Mr. Ervin by stating that the Board is currently working to schedule an additional exam to be held on Thursday, March 19th at Mercer University in Atlanta, Georgia.

Correspondence from Anthony B. Ray, RPH009744

The Board considered this correspondence from Mr. Ray requesting an early termination of his probation. Bill Prather made a motion to deny the request. Jim Bracewell seconded and the Board voted unanimously in favor of the motion.

Georgia Drugs and Narcotics Agency – Rick Allen

No report.

Attorney General's Report – Janet Wray

No report.

Executive Director's Report – Tanja Battle

Ms. Battle reported that there are currently 500 non-resident pharmacy applications that have been received with statuses in various stages of the application processes. She also reported that there are 397 pharmacists in "active-renewal pending" status. She stated that staff is currently working to notify this population of their deficiencies.

Ms. Battle reported that there has been a disruption with the online application and renewal process on the Board's website. It appears to be a configuration issue with the payment processor. Until the matter gets resolved, staff is directing individuals to submit paper applications to avoid a complete disruption in processing. Ms. Battle stated that they are working diligently to get the matter rectified as soon as possible.

Miscellaneous

Bob Warnock made a motion to post Rule 480-35-.02 Pharmacist Certification. Tony Moye seconded and the Board voted unanimously in favor of the motion.

480-35-.02 Pharmacist Certification.

(1) A pharmacist may apply to the Board for a certification which will allow the pharmacist to enter into a protocol or agreement with a physician for drug therapy modification. Each application shall be reviewed by the Board for completeness and authenticity before certification can be issued. Such application shall include, but is not limited to:

- (a) Completion of an application form approved by the Board to include at a minimum:
 - (i) Name, home address, telephone number, and email address (if applicable);
 - (ii) Georgia pharmacist license number, including any previous sanctions by the Board or any other actions by a licensing or criminal authority; and
 - (iii) Current place of practice setting, including name, address, and telephone number and place where the protocol and patient records will be maintained.
- (b) Submission of an application fee approved by the Board;
- (c) Submission of evidence of completion of a course of study, approved by the Board, related to drug therapy modification; and
- (d) Submission of evidence of 0.3 continuing education units (CEUs) or 3.0 contact hours in courses related to drug therapy modification. Such CEUs must be obtained during the 12 months prior to submitting the application.

(2) The Board will review the completed application. If the pharmacist has a current license in good standing, the completed course of study is approved, and the continuing education hours are acceptable, the Board may issue a certification, renewable on an annual basis.

(3) A certification authorizing drug therapy modification ~~shall expire one year following its date of issuance and shall be renewed annually.~~ must be renewed by December 31st of each year. A certification authorizing drug therapy modification not renewed by December 31st shall expire.

(4) In order to renew a certification, a pharmacist must apply to the Board on an application form approved by the Board, submit a renewal fee, and submit evidence of 0.3 CEUs or 3 contact hours in continuing education courses obtained annually and approved by the Board or the Accreditation Council for Pharmacy Education (ACPE).

(5) The current certification must be posted with the pharmacist's license.

Jim Bracewell made a motion to post Rule 480-25-.01 Definitions. Amended. Bob Warnock seconded and the Board voted unanimously in favor of the motion.

480-25-.01 Definitions. Amended.

Unless a different meaning is required by the context, the following terms as used in these rules and regulations shall have the meaning hereinafter respectively ascribed to them:

- (a) "Authentication of product history" means, but is not limited to, identifying the purchasing source, the ultimate fate, and any intermediate handling of any component of a radiopharmaceutical.
- (b) "Board" means the State Board of Pharmacy.
- (c) "Compounding of radiopharmaceuticals" means the addition of a radioactive substance to nonradioactive substances or the use of a radioactive substance in preparation for single or multidose dispensation upon the prescription order of a physician who is licensed to use radioactive materials. Compounding of radiopharmaceuticals may include: loading and eluting of radionuclide generators; using manufactured reagents; preparing reagent kits; aliquoting reagents; formulation and quality assurance testing of radiochemicals for use as radiopharmaceuticals, and radiolabeling of compounds or products, including biological products, for use as radiopharmaceuticals.
- (d) "Department" means the Department of ~~Human~~Natural Resources.

- (e) "Governing Body" or "Management" means the board of directors, trustees, partnership, corporation, association, person or group of persons who maintain and control the operation of the nuclear pharmacy, and who are legally responsible for its operation.
- (f) "Internal Test Assessment" means, but is not limited to conducting those tests of a quality assurance necessary to ensure the integrity of the test.
- (g) "Licensed Nuclear Pharmacist" means an authorization granted by the Board to a pharmacist to practice as a nuclear pharmacist.
- (h) "Manufacturing of radiopharmaceuticals" means the preparation, derivation, or production of a product to which a radioactive substance is or will be added to provide a radiopharmaceutical for sale, resale, redistribution, or reconstitution.
- (i) "Nuclear pharmacist" means a pharmacist who compounds and dispenses radiopharmaceuticals in the course of his/her pharmacy practice.
- (j) "Nuclear Pharmacy" means a pharmacy providing radiopharmaceutical services.
- (k) "Nuclear Pharmacy Permit" means an authorization granted by the Board to the governing body of a facility to operate a nuclear pharmacy.
- (l) "Pharmacist" means an individual who is currently licensed to practice pharmacy under the provisions of O.C.G.A. Title 26, Chapter 4, Article 3.
- (m) "Pharmacy Intern" means an individual who is currently licensed to practice as a pharmacy intern under the provisions of O.C.G.A. Title 26, Chapter 4, Article 3.
- (n) "Physician" means an individual who is currently licensed to practice medicine under the provisions of O.C.G.A. Title 43, Chapter 34.
- (o) "Radiopharmaceutical" means radioactive drugs and chemical products used for diagnostic and therapeutic purposes and includes the terms radioactive pharmaceuticals, radioisotopes, and radioactive tracers.
- (p) "Radiopharmaceutical quality assurance" means, but is not limited to, the performance of appropriate chemical, biological, and physical tests on radiopharmaceuticals and their component materials and the interpretation of the resulting data to determine their suitability for use in humans and animals, including internal test assessment, authentication of product history, and the keeping of proper records.
- (q) "Radiopharmaceutical service" means, but is not limited to, the compounding, dispensing, labeling, and delivering of radiopharmaceuticals; the participation in radiopharmaceutical selection and radiopharmaceutical utilization review; the maintenance of radiopharmaceutical quality assurance; and the responsibility for advising, where necessary or where regulated, of therapeutic values, hazards, and use of radiopharmaceuticals; and the offering or performing of those acts, services, operations, or transactions necessary in the conduct, operation, management, and control of a nuclear pharmacy.
- (r) "Unit dose transport container" (a/k/a "lead pig") means a lead lined container designed to transport doses of radiopharmaceutical agents and prevent the emission of radiation or radioactive materials during the process. The terms "unit dose transport container" and "lead pig" may be used interchangeably.

A motion was made by Bill Prather, seconded by Mike Faulk, and the Board voted that the formulation and adoption of these proposed rules do not impose excessive regulatory cost on any licensee and any cost to comply with the proposed rules cannot be reduced by a less expensive alternative that fully accomplishes the objectives of the relevant code sections.

In the same motion, the Board voted that it is not legal or feasible to meet the objectives of the relevant code sections to adopt or implement differing actions for businesses as listed at O.C.G.A. § 50-13-9 16 5 9 4(a)(3)(A), (B), (C) and (D). The formulation and adoption of these rules will impact every licensee in the same manner and each licensee is independently licensed, owned and operated and dominant in the field of pharmacy.

The Board discussed proposed definitions related to the mail order rules. Chairperson Miller stated that he would like for the Board to get the language cleared up soon. The Board recommended Ms. Wray and Ms. Foreman review the proposed language and bring back to the Board for consideration at its February meeting.

Chairperson Miller stated that the 2015 Annual Meeting for National Association of Boards of Pharmacy (NABP) is scheduled for May 16-19. The Board's monthly meeting is currently scheduled for May 20th. He suggested rescheduling the Board's monthly meeting a week earlier to May 13th.

Mr. Hewitt W. Matthews, Dean of the College of Pharmacy at Mercer University, spoke to the Board briefly about some of the activities in moving with the students to educate them. He specifically spoke about inter-professional education, which deals with two or more professions where the students come together and learn about each other and from one another. The purpose is to develop relationships and collaboration so that when they graduate they are ready and able to work with other healthcare practitioners to provide optimal patient care. Mercer is currently forming a collaborative effort with Morehouse since Mercer's medical school is too far away.

Dean Matthews stated that the school has purchased software to teach students how to access electronic medical records.

Lastly, Dean Matthews reported that they have moved from a 1,000 square foot simulation lab to a building on the hill. The building has a simulated community pharmacy, simulated hospital, patient counseling rooms and video recording technology. This has created a lot of excitement amongst the students.

Mr. Jim Bartling, Associate Dean for Student Affairs and Admissions, reported that it appears the applicant pool is down 10% from last year and is not what it was seven or eight years ago. He stated that the school has a good group of students coming in and that things are going well in the admissions process.

Jim Bracewell made a motion and Mike Faulk seconded, and the Board voted to enter into **Executive Session** in accordance with O.C.G.A. § 43-1-19(h)(2) and §43-1-2(k) to deliberate and to receive information on applications, investigative reports and the Assistant Attorney General's report. Voting in favor of the motion were those present who included Vicki Arnold, Jim Bracewell, Mike Faulk, Laird Miller, Tony Moye, Bill Prather, and Bob Warnock.
